

To Whom It May Concern:

June 16, 2015

Ms. Strug was my fifth grade language arts teacher during 2014-2015.

Ms. Strug is a very good teacher who takes her job seriously. She makes our language arts class be a class to look forward to. She is also strict if we are disrespectful and don't follow directions, but she is not mean. She also helps us if we don't understand a certain topic we are learning about. She doesn't allow any student to be disrespectful or not do their work. She is a hard-working teacher and teaches us things to help us in the real world. She is a very positive role model.

Sincerely,
Alondra Zavala
