To Whom It May Concern:

Miss Strug was my fifth grade language arts teacher during the 2014-2015 school year. She has taught us about author's purpose, author's tone, reader's perspective, and more. She helped us understand our books more and improved our reading scores. We have read more books this year than any other year. Most of us read five more books than we normally do during a school year. Some of us reached our goals of reading twenty-five books this school year. We learned the meaning of greek roots and taken multiple quizzes of them. She has improved our reading in many ways.

Sincerely,
Jada Harris
