TO WHOM THIS MAY CONCERN,

Miss Strug was my seventh grade teacher during the fall of 2011. I think Miss Strug would make a very good teacher because even though we were never the best students she will never stop teaching us or get off topic. Miss Strugs will repeat things if you don't understand, or just make it clear enough. Miss Strug would also make a good teacher because she is one of a kind! Miss Strug always has a smile on her face even though she wouldn't be in a good mood! 😊 So hire Miss Strug she would make an awesome teacher.

Sincerely,  
Ilan
